***Reasons for Allowance***

1. Claims 1-6, 8-19, and 2126 are allowed. The claims will be renumbered as 1-24.
2. The following is an examiner's statement of reasons for allowance: With respect to independent claims 8 and 21, the reasons for allowance of objected claims presented in the last Office Action is entirely incorporated herein by reference. With respect to independent claims 1 and 14, as applicants properly point out on pages 10-11 of the remarks, that the reference of Rivera and Lin fail to disclose identifying an approach vector that enables the device to contact and perform the operation on the part being inspected at the flaw location without obstruction from a portion of the part being inspected; and applying the approach vector to move the device to the flaw location without being obstructed by a portion of the part being inspected. Hence, and in view of applicants' arguments, amendment and in combination with all of the other elements of the claims independent claims 1 and 14 are allowable, and all of the dependent claims are allowable for the same reasons set forth above to the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
